

Black Pearl Digital AG secures software development contract and establishes strategic partnership

Munich, 07.01.2019 – Black Pearl Digital AG (ISIN: DE000A2BPK34) announces the establishment of a strategic development partnership with a Portuguese fintech company in the area of digital currency application development. The partnership has been concluded with a first software development mandate, which is expected to be delivered during January 2019. Black Pearl Digital AG is confident to win further follow-up mandates through this partnership.

Johannes Angermeier, board member and CTO of Black Pearl Digital AG comments: „I am very pleased that we have won a further client mandate for our IT development division. We have a lot of common ground with our new partners in the fintech area, especially with the development of digital currencies and I feel both sides can reap tremendous benefits from this relation. We expect further strong growth in these areas and see a lot of potential in our new partnership. “
